ESTATES **HOME**

Upper East Side \$6.7 million

Give this “stunning” brownstone on East 61st Street a high-five: It’s got five stories, five bedrooms and five (and a half) bathrooms spread out over 5,000 square feet. Plus, it’s been “modernly renovated,” with new “high-end” finishes, fixtures and mechanicals. And there’s the convenience of an elevator that accesses every level, from the cellar (where you’ll find a staff/guest room and a laundry area) to the main floor (with its large den with wet bar) to the parlor level (which features a “gourmet” kitchen that opens onto a dining room overlooking the “secluded” back garden). Above that are the bedrooms, including a master suite with built-in closets and an “elegant” terrace. Agent: Frances Katzen, Prudential Douglas Elliman, 212-350-8575
