Dream homes

When only a mansion will do

By Victor Wishna

Columbus Circle \$6.5 million

Here's a chance to own in one of the "most prestigious" Manhattan buildings, on the 66th floor of the Time Warner Center's Residences at Mandarin Oriental. This 1,757-square-foot spread — with two bedrooms and 2½ bathrooms — is chock-full of luxury appointments, like new dark-oak flooring, built-in Bose speakers and recessed TVs in every room and a "beautiful" chef's kitchen with custom cabinets and "top of the line" appliances. And talk about views: Look down the Hudson River all the way to the Statue of Liberty through the "glass-curtain wall" in the living room. **Agents: Fredrik Eklund and John Gomes, Prudential Douglas Elliman, 212-727-6158 and 212-727-6178**
