50 Clinton Hosts Rooftop Celebration to Unveil Penthouse

Photography by Clark Jones

50 Clinton hosted a rooftop celebration in honor of its recent unveiling of the 50 Clinton Penthouse. The building is one of the most successful and high-design projects in the area, aiding in the new luxury development boom on the Lower East Side.

Pig & Khao provided light bites from the neighborhood, while music blasted from Hudson Horns, an authentic five-piece brass band, offering a true summer rooftop experience.

The event provided guests a first look inside the stunning, furnished penthouse with interiors designed by Paris Forino.
